il trattato dei contratti rappresenta un'opera fondamentale nel panorama del diritto civile italiano il volume analizza in profondità il diritto comune dei contratti incorporando le innovazioni legislative e comunitarie gli orientamenti della giurisprudenza e l'elaborazione dottrinale più recente pur aggiornato e ampliato il trattato mantiene l'impostazione sistematica originaria ispirata alla tradizionale teoria generale del contratto offrendo così un quadro organico e aggiornato della materia

byzantine intellectuals not only had direct access to neoplatonic sources in the original language but also at times showed a particular interest in them during the early byzantine period platonism significantly contributed to the development of christian doctrines and paradoxically remained a rival world view that was perceived by many christian thinkers as a serious threat to their own intellectual identity this problematic relationship was to become even more complex during the following centuries byzantine authors made numerous attempts to harmonize neoplatonic doctrines with christianity as well as to criticize refute and even condemn them the papers assembled in this volume discuss a number of specific questions and concerns that drew the interest of byzantine scholars in different periods towards neoplatonic sources in an attempt to identify and explore the central issues in the reception of neoplatonic texts during the byzantine era this is the first volume of the sub series byzantinisches archiv series philosophica which will be dedicated to the rapidly growing field of research in byzantine philosophical texts

in the world of the second sophistic education paideia was a crucial factor in the discourse of power knowledge in the fields of medicine history philosophy and poetry joined with rhetorical brilliance and a presentable manner became the outward appearance of the elite of the eastern roman empire this outward appearance guaranteed a high social status as well as political and economical power for the individual and major advantages for their hometowns in interpolis competition since paideia was related particularly to classical greek

antiquity it was at the same time fundamental to the new self confidence of the greek east this book presents for the first time studies from a broad range of disciplines on various fields of life and on different media in which this ideology became manifest these contributions show that the sophists and their texts were only the most prominent exponents of a system of thoughts and values structuring the life of the elite in general
